1 TEXT TYPESETTING

We begin our story in New York. There once was a girl known by everyone and no one. Her heart belonged to someone who couldn't stay. They loved each other recklessly. They paid the price.

*She danced to forget him. He drove past her street every night. **She made friends and enemies. He only saw her in his dreams.** Then one day he came back. Timing is a funny thing.* And everyone was watching. SHE LOST HIM BUT SHE FOUND HERSELF AND SOMEHOW THAT WAS EVERYTHING.

4 MOVIE SCRIPT RECIPE

Catastrophe: Why did you take the plans for the Heisenberg device? You knew Lord Roy would use it for evil.

Arsyn: I'm not just another member of your squad, Cat.

Catastrophe: And so you kick your best friend out a thirteen-story window?

Arsyn: I am a superhero and you treated me like a sidekick.

Catastrophe: That was Welvin's decision, not mine.

Arsyn: I don't like Lord Roy any more than you do. But I will never work for Welvin Da Great again.

Catastrophe: Roy will destroy London!

Arsyn: Don't you think I know that? She sent me to patrol the city as it burns. I have my own squad now.

Catastrophe: But we had ... Squad Goals, Arsyn. *Squad Goals*.

Meredith Grey Swift is the older of Taylor Swift's two Scottish Fold cats. Her namesake is the *Grey's Anatomy* character Meredith Grey. She has a reputation for being rather grouchy and indifferent, in some contrast to her sister of the same breed,

Olivia Benson Swift, named for the detective in the television series *Law and Order*.
