We begin our story in New York. There once was a girl known by everyone and no one. Her heart belonged to someone who couldn't stay. They loved each other recklessly. They paid the price.

*She danced to forget him. He drove past her street every night. **She made friends and enemies. He only saw her in his dreams. Then one day he came back. Timing is a funny thing.*** And everyone was watching. SHE LOST HIM BUT SHE FOUND HERSELF AND SOMEHOW THAT WAS EVERYTHING.

“I love you” doesn’t count after goodbye. Won’t stop ’till it’s over.
