MULTILINE HEADING

1 TEXT TYPESETTING

We begin our 🛬 story 🌍 in New York 🗽 🌆. There once was a girl 👧 known by 📷 everyone 💜 and no one. Her ❤️ heart belonged to someone 👫 who couldn't stay ✈️ 💔. They loved each other ❄️ recklessly 🌲 🔥 🏢. They paid the price 😟.

She danced 💃 to forget him 🎉. He drove 🚗 past her street every night 🌙. **She made friends 👫 and enemies ⚡ 💣 🔫.** *He only saw her 🧒 in his dreams ☁️𝓏ᶻ.* **Then one day he came back 🧑‍🦰 ‼️.** 🕐 🕜 🕙 **Timing is a funny thing 😊.** And everyone 📷 •• 📰 was watching 📷 🎥 📺 📝. SHE LOST HIM ☔ BUT SHE FOUND HERSELF 🙍 🐟 🌊 AND SOMEHOW THAT WAS EVERYTHING 😌 🛁.

$$\int_{13}^{22+\frac{e}{2}} 2x^2\,\mathrm{d}x \quad \int_{13}^{22+\frac{e}{2}} x^2\,\mathrm{d}x \quad \sum_{n=1}^{13} n^2+n \quad \prod_{n=1}^{13} n$$

$$\sqrt{\sqrt[3]{U}} + \sqrt[3]{\frac{x}{n}} + \sqrt[3]{\frac{\int_{13}^{22+\frac{e}{2}}}{n}} + \sqrt[3]{\frac{abc+\frac{e}{n}}{\int_{13}^{22+\frac{e}{2}}}}$$

$$\frac{a+\frac{e}{n}+\sqrt{2}}{a-\int_{13}^{22+\frac{e}{2}}} \quad \frac{a+\frac{e}{n}}{\int_{13}^{22+\frac{e}{2}}} \quad \frac{a+\frac{e}{n}}{\frac{e}{n}} \quad \frac{a+\frac{e}{n}}{n}$$

"*I love you*" doesn't count after goodbye. Won't stop 'till it's over.

4 MOVIE SCRIPT RECIPE

Catastrophe: Why did you take the plans for the Heisenberg device? You knew Lord Roy would use it for evil.

Arsyn: I'm not just another member of your squad, Cat.

Catastrophe: And so you kick your best friend out a thirteen-story window?

Arsyn: I am a superhero and you treated me like a sidekick.

Catastrophe: That was Welvin's decision, not mine.

Arsyn: I don't like Lord Roy any more than you do. But I will never work for Welvin Da Great again.

Catastrophe: Roy will destroy London!

Arsyn: Don't you think I know that? She sent me to patrol the city as it burns. I have my own squad now.

Catastrophe: But we had … Squad Goals, Arsyn. *Squad Goals.*

Meredith Grey Swift is the older of Taylor Swift's two Scottish Fold cats. Her namesake is the *Grey's Anatomy* character Meredith Grey. She has a reputation for being rather grouchy and indifferent, in some contrast to her sister of the same breed, **Olivia Benson Swift**, named for the detective in the television series *Law and Order*.
